EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 8-11-2004, John Mion requested an extension of time for one MONTH(S) and authorized the Director to charge Deposit Account No. 19-4880 the required fee of \$110 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

1. (currently amended): An electrochemical sensor for determining the concentration of a constituent present in a solution or in a liquid of natural or biological origin, formed by a tongue including a thin plastic substrate supporting at least two current conducting strips separated by a narrow insulating strip of the substrate, said substrate and said conducting strips being covered with a plastic covering into which are cut, at one end, an opening allowing portions of said conducting strip to appear for connection to an electronic apparatus, and, close to the other end, two windows laterally separated by a strip of the plastic covering, said windows delimiting on the conducting strips the useful surfaces of a reference electrode beneath a first reference window and a measuring electrode beneath a second measuring window coated with a reagent of the constituent whose concentration one wishes to determine, wherein at least the measuring window has a rounded elongated contour along a length of the tongue, and

wherein said strip of the plastic covering has substantially uniform lateral width over the length of the two windows.

2. (currently amended): An electrochemical sensor according to claim 1, wherein the reference window also has a [round] rounded elongated contour along the length of the tongue.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaj Olsen whose telephone number is (571) 272-1344. The examiner can normally be reached on Monday through Thursday from 6:30 A.M. to 4:00 P.M. and on alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nam Nguyen, can be reached on 571-272-1342. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
